

THE ABBEY CE VA PRIMARY SCHOOL

Together we learn, we care, we achieve –
for ourselves, for each other, and for the community in which we live.

The Abbey CE VA Primary School Health and Safety Policy

Based on the Hertfordshire model policy last reviewed in
September 2020

Date policy approved and adopted: November 2020
Date of next review: November 2022

Section	Details of change since last model policy
COSHH	Updated link to CLEAPSS document L93 Managing radioactive sources in schools Nov 2019
School Swimming	Links to Swim England and PWTAG inserted
Addendum to H&S policy for COVID-19	Overarching statement as addendum to model policy in recognition of current circumstances due to COVID -19
Risk assessment	Links to CLEAPSS sites (DT, Science and Primary) added; NSEAD as a source of model assessments deleted.
Off site visits	Link to the Outdoor Education Advisors' Panel (OEAP) guidance added; Reference to local learning areas added. HCC recommendations regarding EVC refresher training 3-5 yearly added.
Fire	Link to national fire risk assessment document added; Minor change to wording in emergency procedure section.
Emergency equipment	Minor changes to emergency lighting text to highlight the need to document the monthly tests and that the annual test is for the full duration of the battery
First aid / Medication	AED (Defibrillator) text amended to include need to check these on a cyclical basis for functionality
	Emergency auto adrenaline injectors (AAI) section added to reflect these can now be held by schools if required
Accident reporting	Amended text to include: Retention times for accident forms That the Headteacher is responsible for ensuring all RIDDOR reportable incidents are reported. Link to the HSE document 'incident reporting in schools' added
Consultation	Reference to Staff meetings and Health and Safety is a standing agenda item.
Training	Minor text change to reflect heads are responsible for ensuring staff are competent to undertake their duties.
Premises	Line added on premises defects; Line added that Records of fixed wire tests / inspections and certification will be maintained and remedial works arising acted upon in a timely manner; Link added to DfE doc Good Estate Management for schools Link to termly outdoor play equipment checklist added
COSHH	Updated link to CLEAPSS document L93 Managing radioactive sources in schools
Asbestos	Additional bullet point on refurbishment / demolition surveys
Work at height	Added line that any defective equipment taken out of use until repaired / replaced
Vehicle segregation	Ensure that the school adds in details of any specific local arrangements for managing this; A risk assessment to be in place for pedestrian / vehicle segregation.
Legionella	Minor changes to reflect that all records relating to the management of Legionella must be kept for 5 years. The requirement for a 6 monthly temperature check of stored water (e.g. cold water storage tanks) has been changed to 12 monthly.
School Swimming	NOP / EAP references changed to PSOP (standard operating procedures)

PART 1. STATEMENT OF INTENT

The Governing Board of The Abbey Primary School will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the Health and Safety at Work etc. Act 1974 and other statutory and common law duties.

This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section.

This policy will be brought to the attention of all members of staff and saved on RM Teachers policies folder for reference as well as in the staff handbook which can be located in the staffroom and school office.

This policy statement supplements: Hertfordshire County Council's (HCC) Health and Safety Policy, Offsite Visits, Behaviour, Supporting children with medical conditions etc.

This policy statement and the accompanying organisation and arrangements will be reviewed every two years. This policy has been ratified by the Governing Board and is signed by the Headteacher and Chair of Governors below:

Emma Fenn
Headteacher
13.11.2020

Katie Wright
Chair of Governors
13.11.2020

PART 2. ORGANISATION

The Governing Board of Abbey Primary School is the employer and therefore has overall responsibility for Health and Safety in the school.

At a school level duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective. They fulfil a strategic role in health and safety and are not expected to be involved in day to day management of the school.

As a minimum these management systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the [Education Health and Safety Manual](#).

A Health & Safety Governor (Robert Raine) has been appointed to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The Governing Board will receive regular reports from the Headteacher or other nominated member of staff, such as School Business Manager and Site Manager, in order to enable them to provide and prioritise resources for health and safety issues.

Where required the Governing body will seek specialist advice on health and safety which the establishment may not feel competent to deal with.

HCC's Health and Safety Team, Tel: 01992 556478
healthandsafety@hertfordshire.gov.uk provide competent health and safety advice.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety, in accordance with the Governing Board's Health and Safety policy and procedures, rests with the Headteacher.

The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable health and safety policy and procedures to be implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant people including contractors.
- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions.

- Reporting to the Governing body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.
- Ensuring that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Reporting to the LA/Governing Board any significant risks which cannot be rectified within the establishment's budget.
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications & contract conditions.

Whilst overall responsibility for Health and Safety cannot be delegated the Headteacher may choose to delegate certain tasks to other members of staff.

The task of overseeing Health and Safety on the site has been delegated by the Headteacher to the Site Manager, supported by the Headteacher and School Business Manager.

Responsibilities of Headteacher, all teaching staff, Site Manager and School Business Manager:

- Apply the school's health and safety policy to their own department or area of work.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE etc.)
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the head or Site Manager of any problems they are unable to resolve within the resources available to them.
- Carry out regular inspections of their areas of responsibility and report / record these inspections.
- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.

- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

Responsibilities of employees

Under the Health and Safety at Work Act etc. 1974 all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions.

All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the school's health and safety policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

The day to day management of health and safety within the **School** is the responsibility of The Site manager.

PART 3. LOCAL ARRANGEMENTS

The Governing Board intends that as a minimum these management systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the [Education Health and Safety Manual](#).

Appendix 1	-	Risk Assessments
Appendix 2	-	Offsite visits
Appendix 3	-	Health and Safety Monitoring and Inspections
Appendix 4	-	Fire Evacuation and other Emergency Arrangements
Appendix 5	-	Fire Prevention, Testing of Equipment
Appendix 6	-	First Aid and Medication

- Appendix 7 - Accident Reporting Procedures
- Appendix 8 - Health and Safety Information and Training
- Appendix 9 - Personal safety / lone Working
- Appendix 10 - Premises Work Equipment
- Appendix 11 - Flammable and Hazardous Substances
- Appendix 12 - Asbestos
- Appendix 13 - Contractors
- Appendix 14 - Work at Height
- Appendix 15 - Moving and Handling
- Appendix 16 - Display Screen Equipment
- Appendix 17 - Vehicles
- Appendix 18 - Lettings
- Appendix 19 - Stress
- Appendix 22 - Legionella
- Appendix 21 - School Swimming and pools
- Appendix 22 - Work Experience

Addendum - COVID-19 risks

RISK ASSESSMENTS

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. These are co-ordinated by teachers following guidance contained in the [Education Health and Safety Manual](#) and are approved by the Headteacher.

Risk assessments are available for all staff to view and are held centrally in [RM Teacher-offsite visits-risk assessments](#) these assessments will be reviewed on a regular basis or when the work activity changes. Staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by Headteacher if required. Such risk assessments will be reviewed on a regular basis.

It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities for all activities presenting a significant risk will be carried out by teachers using the relevant codes of practice and model risk assessments detailed below.

Whenever a new course is adopted or developed all activities are checked against these and significant findings incorporated into texts in daily use.

All LA schools have a subscription to [CLEAPSS](#) and their publications are used as sources of model risk assessment within Science, Art and DT.

See

- CLEAPSS technology site <http://dt.cleapss.org.uk/>;
- CLEAPSS science site <http://science.cleapss.org.uk/>
- CLEAPSS primary school's site <http://primary.cleapss.org.uk/>

In addition the following publications are used within the school as sources of model risk assessments:

- Be Safe! Health and Safety in primary science and technology, 4th Edition ASE] ISBN ISBN 978-0-86357-426-9
- Safe Practice in Physical Education, School Sport and Physical Activity 2016' Association of PE 'AfPE' <http://www.afpe.org.uk/>

OFFSITE VISITS

HCC has adopted the Outdoor Education Advisory Panel's (OEAP) [national guidance](#) for learning outside the classroom and offsite visits and all offsite visits will be planned following this guidance available via <https://oeapng.info/>

Responsibilities of key roles are outlined by the OEAP here:

[Visit leader](#)

[EVC](#)

[Headteacher](#)

HCC's policy for the management of Learning outside the classroom and offsite visits is available here <https://www.thegrid.org.uk/info/healthandsafety/visits/manual.shtml>

The LA's Offsite Visits Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or "wild" country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system.

Evolve will be used for the planning and approval of **all** offsite visits. Relevant risk assessments, participant's names etc. will be attached electronically as required.

Abbey School has procedures for visits to local learning areas (Cathedral and local area).

The teaching member of staff planning the trip will submit all relevant paperwork and risk assessments relating to the trip to the school's Educational Visits Co-ordinator(s) (Headteacher) who will check the documentation and planning of the trip and if acceptable initially approve the visit. Also see separate offsite visits policy.

HCC recommends that the EVC (Headteacher) should attend training and refresher training every 3 -5 years.

Please see offsite visits policy.

HEALTH AND SAFETY MONITORING AND INSPECTION
--

A formal inspection of the site will be conducted on a termly basis and be undertaken / co-ordinated by Headteacher/Site Manager. As a minimum the Health and Safety governor will attend the annual inspection in the autumn term.

Those undertaking the inspection will complete a report in writing and submit this to the Headteacher and Premises Committee. Responsibility for following up items detailed in the safety inspection report will rest with the premises Committee, on behalf of the Governing Board, Headteacher or Site Manager as appropriate.

The Health and Safety Governor, will be involved in monitoring the school's Health and Safety management systems on an annual basis and report back to both the relevant sub-committee and full Governing Board.

Advice and pro forma inspection checklists to assist the monitoring process can be found in the [Education Health and Safety Manual](#).

FIRE EVACUATION AND OTHER EMERGENCY ARRANGEMENTS

The headteacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained in '[Fire safety risk assessment; Educational premises](#)' and the [Education Health and Safety Manual](#).

The fire risk assessment will be reviewed on an annual basis by the Premises committee. It is located on RM Teacher –Policies-Health and Safety.

Emergency Procedures

Fire and emergency evacuation procedures are detailed in the schools CRITICAL INCIDENT EMERGENCY RESPONSE PLAN and a summary posted in each classroom. It is located on RM Teacher –Policies-Health and Safety and in the Staff handbook.

These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process. This training is supported by regular drills. Evacuation procedures are also displayed around the school and specifically at the entrance to the school for contractors and visitors.

Emergency exits, fire alarm call points, assembly points etc. are clearly identified by safety signs and notices.

Emergency contact and key holder details are maintained by the school office and updated to the LA via Solero.

Fire Drills

- Fire drills will be undertaken termly and results recorded in the fire log book managed by the site manager.

Fire Fighting

- Staff must ensure the alarm is raised BEFORE attempting to tackle a fire.
- The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, **if it is safe to do so without putting themselves at risk**, using portable fire fighting equipment.
- Staff are made aware of the type and location of portable fire fighting equipment and receive basic instruction in its correct use at induction.

Details of service isolation points

Gas – shut off in school kitchen (marked)

Water – shut off in SBM office under desk (marked)

Electricity – shut off in kitchen by electricity board (marked)

Details of chemicals and flammable substances on site.

An inventory of these will be kept by site manager as appropriate, for consultation by resources committee.

INSPECTION /MAINTENANCE OF EMERGENCY EQUIPMENT

The site manager is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book.

FIRE ALARM SYSTEM

Fire alarm call points will be tested weekly in rotation. This test will occur on before school by the site manager.

Any defects on the system will be reported immediately to the alarm contractor / electrical engineer. A fire alarm maintenance contract is in place and the system tested annually by them.

FIRE FIGHTING EQUIPMENT

Weekly in-house checks that all fire fighting equipment remains available for use and operational. Chubb undertakes an annual maintenance service of all fire fighting equipment.

Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to site manager.

EMERGENCY LIGHTING SYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken by contractor.

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use.

FIRST AID AND MEDICATION

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extracurricular activities)

TRAINED TO EYFS STANDARD (PAEDIATRIC FIRST AID, 2 days/ 12 hrs):

Staff Member	Date of Qualification
Mrs Duffin EYP in Reception	March 2020-2023
Mrs Clarke Teaching Assistant	March 2020-2023
Mrs Moroncini Teaching Assistant and MSA	March 2020-2023
Mrs Harris Teaching Assistant	March 2020-2023
Mrs Dutton Office Manager	March 2020-2023

First aid save a life TRAINING IN EMERGENCY FIRST AID (2 hr):

In addition to having several staff trained to a high EYFS first aid standard, we also hold Save a Life first aid training for all staff every three years. The last sessions were held in November 2018 – valid for 3 years. Names of staff trained are stored with Headteacher and in Governor Hub. Headteacher will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS: School Office, first aid bags in accessible toilet (go out to playground at lunchtime) these are replenished as needed by office staff and midday supervisors. First aid bum bag in every class (go out at break) are replenished by class teachers/TAs as needed.

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents / carers will be notified immediately of all major injuries to pupils.

No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents/carers cannot be contacted in time.

Where there is any doubt about the appropriate course of action, the first aider will consult with the Health Service helpline (NHS Direct 0845 4647) and, in the case of pupil with the parents/carers.

St Albans minor injuries or Watford General are our closest hospitals.

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document [Supporting pupils at school with medical conditions](#). Detailed arrangements are provided in a separate policy.

No member of staff will administer **any** medication (prescribed or non-prescribed) to children under 16 without a parent's written consent except in exceptional circumstances.

Office staff are responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering. Records of administration will be kept by office staff.

All medication is kept in school is stored in the school office in the first aid cupboard or clearly labelled container within staffroom fridge with access strictly controlled but readily available during 8.30-4.30pm. All pupils know how to access their medication. Under no circumstances will medication be stored in classroom first aid boxes.

The school have chosen to purchase and hold an emergency salbutamol inhaler and Epi pen for use by pupils who have been prescribed and for whom parental consent for its use has been obtained. Emergency permission by parent/paramedic to employ the devices may be carried out.

Individual Health Care Plans (IHCP)

Parents / carers are responsible for providing the school with up to date information regarding their child's health care needs and providing appropriate medication.

IHCPs are in place for those pupils with significant medical needs e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis etc.

The IHCP is developed with the pupil (where appropriate), parent/carer, designated named member of school staff, specialist nurse (where appropriate) and relevant healthcare services. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the school and will be reviewed annually by school office staff.

All staff are made aware of any relevant health care needs and copies of health care plans are available in school office in first aid boxes.

Staff will receive appropriate training related to health conditions of pupils and the administration of medicines by a health professional as appropriate.

ACCIDENT REPORTING PROCEDURES

Accidents to employees

The Governing Board at Abbey School are the employers.

Employees who suffer an accident report it to the Headteacher and record it in the school accident book.

Employee accident / incident forms are to be retained for a minimum of 3 years.

Accidents to pupils and other non-employees (members of public / visitors to site etc.)

The key stage accident book is kept in the first aid bags and a year group specific book is kept in each classroom to record minor incidents to employees and non-employees, more significant incidents as detailed below must also reported to HCC using the online accident reporting system hosted on Solero.

- Major injuries.
- Accidents where significant first aid treatment has been provided.
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital.
- Accidents arising from premises / equipment defects.

Pupil / student accident forms are to be retained for a minimum of 3 years after their 18th Birthday.

All Accidents

All major incidents will be reported to the Headteacher and the Governing Body/ Health and Safety Governor if deemed necessary by Headteacher. Parents / carers will be notified immediately of all major injuries.

Accidents will be monitored for trends and a report made to the Governing Board as necessary.

The Headteacher, or their nominee, will investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment, systems of work etc. must be reported and attended to as soon as possible. Any relevant learning points will be communicated to relevant parties.

Reporting to the Health and Safety Executive (HSE)

The Headteacher is responsible for ensuring all RIDDOR reportable incidents are reported.

Incidents involving a fatality or major injury will be reported immediately to the Health and Safety Executive (HSE) on 0345 300 9923 and the Education Health and Safety team on 01992 556478.

Incidents resulting in the following outcomes must be reported to the HSE via their online reporting system <http://www.hse.gov.uk/riddor/> within 15 days of the incident occurring.

- A pupil or other non-employee being taken directly to hospital for treatment and the accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision / organisation etc.

- Employee absence or inability to carry out their normal duties as the result of a work related accident, for periods of 7 days or more (including W/E's and holidays).

See the HSE information sheet ['Incident reporting in schools'](#) EDIS1 REV 3

Any incident notified to the HSE must also be reported to the LA's Health and Safety Team.

HEALTH AND SAFETY INFORMATION & TRAINING

Consultation

The Governing Board Premises subcommittee oversee Health and Safety, welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management. They meet at least half termly and the committee includes the Headteacher, H and S governor Robert Raine, Site Manager and the School Business Manager. The H and S governor and Headteacher and Site Manager meet in addition outside of these meetings to carry out termly inspections.

Staff meetings are held weekly and Health and Safety is an agenda item as and when needed by Headteacher or Site manager.

Communication of Information

Information and guidance on how to comply with the LA's health and safety policy is given in the [Education Health and Safety Manual](#), which is available for reference via the Grid.

The Health and Safety Law poster is displayed in the school office on the back of the door.

The Governing Board is the employer at Abbey School and provides access to competent H&S advice via HCC'S H&S team/ James Ottery as required by the Health and Safety at Work etc. Act 1974.

Health and Safety Training

All employees will be provided with:

- sign posted to a copy of and induction training in the requirements of this policy;
- update training in response to any significant change;
- training in

Any new instructions or restrictions will be communicated to all staff in writing or via staff meetings and recorded in agendas and highlighted as part of the standard cycle of policy review.

Training records will be kept in folders in the Headteacher's office.

The headteacher is responsible for co-ordinating health and safety training needs and for including details in the training and development plan. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line managers attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

PERSONAL SAFETY / LONE WORKING

Abbey School believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff.

Staff will report any such incidents to the Headteacher. The school will work in partnership with the LA and police where inappropriate behaviour/ individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary.

Work involving potentially significant risks (for example work at height) must not be undertaken whilst working alone.

Staff working outside of normal school hours must obtain permission of the Headteacher or their line manager.

Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency e.g. access to a telephone or mobile phone etc.

School staff responding to call outs

Nominated key holders attending empty premises where there has been an alarm activation should do so with a colleague if possible. They should not enter the premises unless they are sure it is safe to do so.

PREMISES AND WORK EQUIPMENT

All staff are required to report to Site Manager any problems found with plant/equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal. Site Manager 'To Do' folder in office for reporting.

Where premises defects are identified, a dynamic assessment is conducted to determine if the area should be isolated/cordoned off whilst awaiting repair by a member of staff.

Site manager is responsible for identifying all plant and equipment in an equipment register and ensuring that any specific training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised /competent and have received specific training.

Planned maintenance / inspection

Regular inspection and testing of school plant and equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept in Headteachers office. (Key areas for compliance are outlined on the Grid 'Good Estate Maintenance For Schools.) Such as PE equipment and play equipment tested annually by T and B.

Electrical Safety

All staff will conduct a basic visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to site manager.

All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependant upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually. This inspection and testing will be conducted by a contractor annually.

Site Manager is responsible for keeping an up-to-date inventory of all relevant electrical appliances and for ensuring that all equipment is available for testing.

Personal items of equipment (electrical or mechanical) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment.

A fixed electrical installation test (fixed wire test) will be conducted by a contractor on a 5 year cycle where 20% physical test of wiring will be undertaken annually in order to provide a full set of results over a 5 year period. Whole school re wired in July 2017. Records of these inspections and certification will be maintained and remedial works arising acted upon in a timely manner.

External play equipment

External play equipment will only be used when appropriately supervised. This equipment will be checked daily before use for any apparent defects by the Site manager. PE and Play equipment is subject to an annual inspection by T and B.

FLAMMABLE AND HAZARDOUS SUBSTANCES

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the *"Control of Substances Hazardous to Health Regulations 2002"* (COSHH Regulations).

The Site Manager is responsible for COSHH and ensuring that an up to date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's "Topics in Safety" etc.)

They ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed.
- material safety data sheets are obtained from the relevant supplier for all such materials.
- If required, full COSHH risk assessments are conducted and communicated to staff exposed to the product/substance.
- all substances are appropriately and securely stored out of the reach of children.
- all substances are kept in their original packaging and labelled (no decanting into unmarked containers).
- suitable personal protective equipment (PPE) has been identified and available for use. PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, site manager is responsible for ensuring that COSHH assessments are available from contractors (*this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring specialists, etc.*).

ASBESTOS

APPENDIX 12

An asbestos survey and management plan is in place for the school in accordance with [HCC's asbestos policy](#). Refurbishment survey in august 2015 and a management survey in September 2014.

The school's asbestos log (including school plans, asbestos survey data and site specific management plan) is held outside the school office.

The Headteacher will ensure that **all** school staff (and others such as catering and cleaning staff who may not be employed directly by the school) are made aware of the location of asbestos containing materials (ACM) within their work areas.

Under no circumstances must staff undertake any work which could disturb the fabric of the building or fixed equipment, e.g. affixing anything to walls without first obtaining approval from an Asbestos Authorising Officer. (Even stapling / pushing a drawing pin into ACM may result in the release of fibres into the air.)

In the event of any damage occurring to materials known or suspected to contain asbestos this will be reported to one of the school's asbestos authorising officers and the area immediately evacuated and closed / locked off.

Professional advice will be sought and details of the incident reported to HCC's asbestos team asbestos@hertfordshire.gov.uk.

The school's asbestos authorising officers are site manager Martyn Astley, Lisa Felstead and Headteacher Emma Fenn and refresher training is required 3 yearly.

Prior to **any** work commencing on the fabric of the building or fixed equipment (e.g. boilers, kilns etc.), either by contractors or school staff, one of the asbestos authorising officers **must** check the asbestos log and establish whether permission to work can be given.

The Headteacher / asbestos authorising officers shall ensure:

- That the asbestos log is consulted at the earliest possible opportunity and that **all** work affecting the fabric of the building or fixed equipment is entered in the permission to work log and signed by those undertaking the work.
- A visual inspection of asbestos containing materials remaining on site is conducted and recorded (legal requirement to do so annually as a minimum).
- The limitations of the management survey and areas of the building that have **not** been surveyed are understood and considered as part of the permission to work process e.g. areas above 3m in height, within ceiling voids (where panels / tiles are fixed), floor voids and ducts etc.
- All records pertaining to asbestos are effectively maintained and retained (legal requirement to do so for a period of 40 years).
- The school's asbestos management plan is kept up to date and that any asbestos works (removal, new project specific surveys etc.) are notified to the LA via asbestos@hertfordshire.gov.uk
- Where more invasive works and or works which go beyond the limitations of the management survey are planned, a refurbishment/demolition survey will be affected prior to the works commencing.

APPENDIX 13

CONTRACTORS

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice.

All contractors must report to school office where they will be asked to sign the visitors book and wear an identification badge. Contractors will be issued with guidance on emergency procedures, relevant risks, and local management arrangements.

Site manager is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and checking whether expected controls are in place and working effectively.

School managed projects

The [Construction \(Design and Management\) Regulations 2015](#)¹ applies to all building, demolition, repair and maintenance or refurbishment work.

Where the school undertakes projects direct the governing board is considered the 'client' and therefore have additional statutory obligations. These projects are managed by Site Manager, School Business manager and Headteacher on the school's behalf who will ensure landlords consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought.

To ensure contractor competency the school uses a property framework contractor as a method of procuring works. These contractors have satisfied our project managers/Headteacher that they understand and abide by health and safety regulations. Details can be found at <http://www.thegrid.org.uk/info/premises/property.shtml>

For large projects the school will consider paying for this service from a Diocese recommended provider.

Contractors will be required to provide a construction phase plan, risk assessments and method statements detailing the safe systems of work to be used prior to works commencing on site.

Risk assessments and method statements shall be specific to the site and all aspects of the works to be undertaken. The school, contractors and any subcontractors involved will exchange relevant information regarding the work activities and agree the risk assessments.

APPENDIX 14

WORK AT HEIGHT

Working at height can present a significant risk, where such activities cannot be avoided a task specific risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height.

Storage above head height is minimised as far as possible, where this cannot be avoided only light-weight and rarely-used items are stored there.

When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff must not climb onto chairs etc.

Only those persons who have been trained to use ladders safely may use them. Basic instruction is provided to all staff who use ladders / stepladders, see

¹ Such projects are notifiable to the HSE where the work exceeds 30 days or involves more than 500 person days of work. In such instances and/ or if there will be more than 1 contractor on site at the same time (in which case a principal designer and principal contractor must be appointed in writing by the client) it is recommended that an agent be used to work on the schools behalf.

<http://www.hse.gov.uk/pubns/indg455.htm>.

Formal training on work at height, use of ladders, mobile tower scaffolds etc. will be provided where a significant risk is identified as part of an individual's role e.g. site manager.

The establishments nominated person(s) responsible for work at height is site manager – Martyn Astley.

The nominated person(s) shall ensure:

- all work at height is properly planned and organised;
- the use of access equipment is restricted to authorised users;
- all those involved in work at height are trained and competent to do so;
- the risks from working at height are assessed and appropriate equipment selected;
- a register of access equipment is maintained and all equipment is regularly inspected and maintained and
- any risks from fragile surfaces is properly controlled.

APPENDIX 15

LIFTING AND HANDLING

Generic risk assessments for regular manual handling operations are undertaken and staff provided with information on safe moving and handling techniques.

Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

Those manual handling activities which present a significant risk to the health and safety of staff, will be reported to site manager and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

Paediatric Moving and Handling

All staff who move and handle pupils have received appropriate training (both in general moving and handling people techniques and specific training on any lifting equipment, hoists, slings etc. they are required to use).

All moving and handling of pupils has been risk assessed and recorded by a competent member of staff.

Equipment for moving and handling people (hoists, slings etc.) is subject to inspection on a 6 monthly basis by a competent contractor.

APPENDIX 16

DISPLAY SCREEN EQUIPMENT (DSE)

All staff who use computers daily, as a significant part of their normal work (*significant is taken to be continuous / near continuous spells of an hour or more at a time*) e.g. admin / office staff shall have a DSE assessment carried out.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use).

Advice on the use of DSE is available in the [Education Health and Safety Manual](#)

APPENDIX 17

VEHICLES ON SITE

Vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them. Access to the school must be kept clear for emergency vehicles.

The vehicle access gate must not be used for pedestrian access –separate pedestrian gate provided. Lines for pedestrians around the edge of the carpark are marked out.

APPENDIX 18

LETTINGS / SHARED USE OF PREMISES

Lettings are managed by school office following HCC guidance following school lettings policy.

APPENDIX 19

STRESS / WELLBEING

The school and Governing Board are committed to promoting high levels of health and well being and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and HCC's management standards.

LEGIONELLA

The school complies with advice on the potential risks from legionella as identified in the Education Health and Safety Manual.

A water risk assessment of the school has been completed on April 2018 by Clearwater. The Site Manager is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water log book.

This risk assessment will be reviewed where significant changes have occurred to the water system and/ or building footprint.

The risks from legionella are mitigated by basic operational controls and thus the following checks are recorded. All records relating to the management of legionella must be kept for 5 years.

- Water is heated and stored to 60 deg C at calorifiers (any vessel that generates heat within a mass of stored water);
- Weekly flushing of seldom used outlets and all showers (with all outlets flushed after school holiday periods);
- Monthly temperature checks on sentinel outlets (those nearest and furthest away from calorifiers)

SCHOOL SWIMMING

Primary school swimming at St Albans School

These will be planned as an offsite visit in line with the schools policy.

The school will obtain a copy of the pool's normal operating procedure (NOP) and emergency action plan (EAP) which identify the safety arrangements for the host pool.

In addition the school will obtain assurance over:

- The level of training of the swimming teacher(s);
- Pupil / swimming teacher ratios;
- Rescue / lifeguard provision provided;
- Changing provision

WORK RELATED LEARNING

Work experience

- All students are briefed before taking part in work experience on supervision arrangements and health and safety responsibilities.
- Abbey School will only take one work experience student at a time.
- The school utilise YC Hertfordshire to assess the suitability of the placement and relevant supporting documentation. No work experience placement will go ahead if deemed unsuitable. Depending on the nature of the placement and risk this may necessitate a pre-placement visit undertaken by a competent person(s)²
- Where work placements form part of the vocational qualification offered by a FE college then the college is responsible for ensuring equivalent placement checks are conducted.
- Every student will receive a verbal placement job description highlighting tasks to be undertaken and any necessary health and safety information.
- Arrangements will be in place to visit/monitor students during the placement.
- Emergency contact arrangements are in place (including out of school hours provision) in order that a member of school staff can be contacted should an incident occur.

Any incidents involving students on work placement activities will be reported to the placement organiser / school employer at the earliest possible opportunity.

² In order to be deemed competent an individual should hold a suitable nationally accredited/recognised qualification(s). E.g. IOSH (The Institute of Occupational Safety and Health) Managing Safely qualification. In addition to having occupational competence, knowledge and understanding in relation to sector specific placements. Particularly in high risk placements such as construction, agriculture, equestrian etc.

Addendum to H&S policy

In recognition of the current circumstances due to COVID-19, this addendum to the school's H&S policy sets out the arrangements in relation to the return to full-time school from September 2020.

In line with the school's wider responsibilities under Health and safety legislation detailed in the main H&S policy, the school has produced a COVID-19 risk assessment detailing the control measures in place to mitigate risks of transmission, this is based on the national guidance for schools produced by the DfE.

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

Our risk assessment has been consulted on with all staff and will be regularly reviewed to any reflect changes in national guidance as well as local operational issues.

The Headteacher will:

Have overall responsibility for the development and implementation of the wider H&S policy, COVID-19 risk assessment and action plan.

Consult with all staff as part of the planning and risk assessment process.

Ensure all documentation is regularly reviewed to meet current need and any updated guidance from the Government or Local Authority.

Ensure that all staff, including temporary staff, peripatetic and supply teachers, visiting coaches etc. are briefed on the required controls for managing risk.

Put in place a monitoring process to review how staff and students adapt and adopt to the controls put in place, reviewing the risk assessment to reflect any additional controls or risks which become apparent as operational activities and curriculum are delivered.

Ensure that individual risk assessments (for both staff and pupils) are conducted where required.

All staff will:

Carry out all work in accordance with the policy, risk assessment and action plan, including additional tasks as part of the response to COVID-19.

Take the opportunity to contribute to the risk assessment and action planning process.

Ensure appropriate controls and procedures are brought to the attention of all staff under their control.

Be responsible for reporting any Health and Safety risks related to COVID-19 to the Headteacher.

The COVID-19 risk assessment ensures compliance with the Governments guidance on managing the risk of COVID-19 namely to:

- minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school;
- ensure enhanced cleaning, handwashing and hygiene procedures are in place and in line with national guidance;
- wear face coverings where recommended, in communal areas of the school where social distancing is hard to maintain;³
- minimise contact between individuals and maintain social distancing wherever possible;
- ensure staff wear appropriate personal protective equipment (PPE) in circumstances where this is required.

In the event of any infection the school will:

- engage with the NHS Test and Trace process;
- manage confirmed cases of coronavirus (COVID-19) amongst the school community;
- contain any outbreak by following local health protection team advice.

Confirmed cases in a child or staff member will be notified to Public Health England Health protection team 0300 303 8537 Option 1, HCC and COVID-19IMTRota@hertfordshire.gov.uk

Relevant Health and Safety information and the school plans for management of COVID-19 risks has been communicated to all staff and the wider school community.

³ Schools that teach years 7 and upward Heads have discretion to require face coverings to be worn by pupils, staff and visitors in communal areas outside the classroom where maintaining social distancing is difficult.

In primary schools headteachers have the discretion to decide whether to ask staff or visitors to wear face coverings in these circumstances. Primary school children will not need to wear a face covering.

Based on current evidence the DfE guidance is that face coverings will not be necessary in the classroom even where social distancing is not possible. Face coverings would have a negative impact on teaching and their use in the classroom should be avoided
